

BCS EDINBURGH BRANCH

Saturday 7th April 2001

A One Day International Symposium
on Artificial Intelligence

in Memory of Sidney Michaelson

Feats and Frontiers

Keynote speakers:

Prof. Marvin Minsky

Prof. Michael Brady

This unique event brings together world class speakers in areas as diverse as mobile robotics, face recognition, PDAs, cancer research, network management and intelligent agents.

The day includes a debate (audience participation encouraged) and ends with a reception.

For full details of the programme, how to register and what it costs, see
www.dcs.napier.ac.uk/~mac/AI.html

Venue

**John McIntyre Centre
University of Edinburgh, Scotland**

This event is supported by **Orbital Software**
